

Gaming Program Equipment Requirements

Computer:

Mac or PC laptop

Processor: i5 or i7, 3rd 4th or 5th Generation 2.2ghz or faster (ie. i5 3570) or AMD a-10. The Gaming/Animation software is very computing intensive so the faster the processor and video cards are the better.

Memory: at least 8gb ram and at least 1Tb of storage internal or external (prefer a SSD system drive)

Optional: Input: a Bamboo tablet.

Output: DVD burner and/or Flash drive to transfer files.

Software:

Adobe Creative Suite: school discount \$19.99/mo.

Standard Office software

Poser 7

Additional software as students advance.
